

PRESIDENT-ELECT WILSON HAS 387 CERTAIN ELECTORAL VOTES--COLONEL ROOSEVELT 89--PRESIDENT TAFT 12

IOWA, KANSAS, MINNESOTA, SOUTH DAKOTA AND
WYOMING STILL IN DOUBTFUL COLUMN

All Doubtful States Except South Dakota Give More
or Less Certain Indications of Landing in List of
Wilson Electoral Votes--Woman Suffrage Wins
Out in Kansas, Arizona and Michigan and Prob-
ably in Oregon--Is Defeated in Wisconsin.

NEW YORK, NOV. 6.—Only the uncertainty of a few close states whose electoral vote in no way can effect the election of Wilson and Marshall, speculation over the popular vote of the three presidential candidates and the complexion of legislative returns held interest tonight in the final returns of yesterday's general election.

The total of the Republican electoral column apparently was fixed at the twelve votes of Idaho, Utah and Vermont; but the footing of the Wilson and Roosevelt columns flickered alternately as late returns from Iowa, Kansas, Minnesota, South Dakota and Wyoming gave indications of change from the results accepted last night.

On the basis of the latest returns early in the evening with the vote of Iowa, Kansas, Minnesota, South Dakota and Wyoming placed in the doubtful column. President-elect Wilson had 387 certain votes in the electoral college, Colonel Roosevelt 89 and President Taft 12. All of the doubtful states except South Dakota gave more or less certain indications during the night of landing in the list of Wilson electoral votes while South Dakota's returns showed a general trend toward a Roosevelt plurality.

A bi-phased election that became known today was the result of woman suffrage in four of the five states where constitutional amendments were submitted to the people. The victory of the women was complete in Kansas, Arizona and Michigan late returns from Oregon indicated they had succeeded, while from Wisconsin came returns showing the decisive defeat of the equal suffrage proposal.

Estimates of the popular vote polled by Wilson ranged through many millions during the day. It was found impossible today to compute with any accuracy the popular vote of any of the presidential candidates. There were many surprises throughout the day and night. Early in the day New Hampshire, first credited to Taft, went definitely into the Wilson column with a majority of about 1,500. Returns from Idaho favored Wilson so strongly as to create the belief that it would give him its vote, but late returns made it go definitely for Taft. The Roosevelt forces, watching the returns as they came from Illinois, suffered a scare as the downstate Democratic districts reduced Roosevelt's plurality from Cook county until it promised to disappear. Late in the day a complete report from Cook county again swelled the Roosevelt majority in the state and seemingly made certain the control of Illinois' 29 votes by the Progressives.

Kansas, which had been conceded to Roosevelt by all interests on the returns last night, gradually slipped back during the day until it had become a question tonight whether Wilson or Roosevelt would control its 16 votes.

Governor Wilson had the better of the situation in Iowa and Minnesota, where the counting still was in progress tonight with but a narrow margin between the candidates, while South Dakota is still a doubtful state. Whether the Democrats in the state-wide victories Tuesday have secured control also of the United States senate is a question that will not be settled for a day or two. In many states where counting still was going on tonight the control of the legislatures is in doubt.

Not Surprised at Outcome.
Oyster Bay, N. Y., Nov. 6.—Colonel Roosevelt surveyed the field of battle today and gathered as much of a story of yesterday's defeat as he could piece together. His lieutenants in each state wired to him their reports, in many cases incomplete and tonight Colonel Roosevelt was still in doubt as to just what the Progressive party had been able to accomplish.

Colonel Roosevelt said that when he has the correct returns he will tell his supporters what he thinks of the outcome and the outlook.

The only thing which was accepted as a settled fact at Sagamore Hill today was that the fight was to go on.

What methods Colonel Roosevelt will adopt are unknown even to himself.

Close friends of Roosevelt said he was not surprised at Governor Wilson's election because he was at no time confident, they asserted, that the new party would be able to win its first fight. The showing which the party made, his friends said, had pleased rather than disappointed its leader.

Several Progressive leaders came to Oyster Bay to talk over the election and the plans for the future. Governor Hiram Johnson of California and Gifford and Amos Pin-

The foregoing showed the standing at 8 p. m., tonight of the house of representatives in sixty-third (new) congress. The total of 282 gave the Democrats 64 more than the 218 necessary for a majority and 52 more than the Democratic membership in the sixty-second congress.

Districts unreported, 26.
Congressional districts as yet unreported are as follows: California 3; Iowa 3; Massachusetts 3; Michigan 2; Nevada 1; Pennsylvania 3; Washington 5; Utah 1.

That the Democratic party would control the United States senate became almost a certainty late tonight when only the possible loss of West Virginia seemed to stand in the way of success. Of the 19 seats held by Republicans which were at stake in Tuesday's election, it became necessary for the Democrats to elect six to secure a majority in the senate, providing they were able at the same time to retain possession of their own. Returns up to Wednesday night gave them the following in Republican strongholds:

Two in Colorado, where John F. Shafroth, Democrat for the full term, and C. S. Thomas, Democrat for the short term, will be elected by a Democratic legislature.

One in Montana, where Republicans and Progressives conceded the election of T. J. Walsh, Democrat.

One in Kansas, where W. R. Stubbs, Republican, conceded the election of his opponent, William H. Thompson, Democrat.

One in Delaware, a Democratic legislature assuring the return of a Democrat to succeed Richardson, Republican, retired.

One in New Jersey, where William Hughes, Democrat, will succeed Bridges, Republican.

The uncertainty of West Virginia, indicated in early reports, seemed apparently the only obstacle to a Democratic majority. Definite returns are still lacking from Oregon, Wyoming, Tennessee, New Hampshire, Illinois, Iowa and South Da-

kota. Late figures from Nevada indicate that Pittman, Democrat, is leading and probably is elected.

Wheeling, W. V., Nov. 6.—West Virginia legislature probably Republican on joint ballot, 20 or more.

Senate Still Doubtful.
Washington, Nov. 6.—Fairly definite returns from state legislative elections just before Wednesday midnight seemed to show the Democratic hosts moving on toward control of the senate, although that was not established with a certainty.

The returns from Colorado added two more senators to the certainties in the Democratic column and those from Nevada and Montana seemed to favor two more. These added to the 43 others holding over, already elected or assured of election, brought the Democratic forces up to 47, within two of control.

Nine states which up to mid-night had not indicated which party would control the legislature, namely, Democratic leaders sanguine that the necessary other two would be secured when returns were complete. These states are Kansas, Oregon, West Virginia, Wyoming, Tennessee, New Hampshire, Illinois, Iowa and South Dakota.

Later returns did not diminish the heavy Democratic majority in the house of representatives but they did play havoc with "Uncle Joe" Cannon and finally left him defeated decisively.

Gillette of Massachusetts probably will succeed to Cannon's position as senior Republican on the appropriation committee.

Veterans in New Senate.

Washington, Nov. 6.—The personnel of the new senate will show many veterans with a large infusion of new blood. Among the prominent senators holding over are: Root, Lodge, La Follette, Gallinger, Penrose, Clapp, Culberson, Kern, O'Gorman, Rayner, Shively and Hoke Smith.

Others re-elected or likely to come back include Bacon, Tillman, Borah, Nelson, Simmons, Martin, Bankhead, Davis and Owen.

Among those who failed on renomination and whose names will not appear on the senate roll after March 4th, is Shelby M. Culberson of Illinois whose congressional career goes back to the time of Abraham Lincoln. Included in this list are also Senators Curtis of Kansas, Bourne of Oregon and Gamble of South Dakota. Senators Bailey, Frane, Guggenheim, Richardson, Burham and Wetmore retire voluntarily. All of them refused to stand for re-election.

Whatever its political complexion there will be many new faces in the senate of the next congress. Among the most prominent men elected are Ollie James of Kentucky and Joseph E. Ransdell, Louisiana, both present members of the house and Democrats. Mr. James succeeds Senator Rayner and Mr. Ransdell Senator M. J. Foster. Governor Vardaman comes as the successor of Senator Percy of Mississippi and former Representative Hughes as the successor of Senator Briggs of New Jersey. Representative Norris of Nebraska probably will succeed Senator Norris Brown. Colorado will be represented by its present governor John Shafroth who will succeed Guggenheim and former Governor Chas. S. Thomas, who probably will be elected to fill the unexpired term of the late Charles J. Hughes.

The Progressive Republicans who were candidates for the senate and whose success seems assured by the election of legislatures in sympathy with them are Borah, Idaho and Norris, Nebraska.

Kenyon of Iowa, Sherman of Illinois and Stubbs of Kansas each appear to have a slight chance of success.

Illinois Legislature.
Chicago, Nov. 6.—Fairly complete returns of the vote for members of the Illinois legislature shows the body will be composed on joint ballot as follows:

Democrats, 91.
Republicans, 81.
Progressives, 28.
Independent, 1.

Majority on joint ballot, 143.
The Democrats will be a dozen votes short of a majority on joint ballot in the new legislature.

The Republicans will be more than 20 distant from a majority. The progressives will be able to muster 28 votes in the two houses and hold the balance of power. The Socialists will have three members of the house.

The late returns emphasized the fact that which was apparent Tuesday night that the legislature will be deadlocked and neither of the old parties will be able to elect either of the two United States senators without making terms with the Progressives or with each other.

May Call Special Session.
It is reported that Governor Deeney is ready to convene the old legislature in special session week after next providing he is convinced he can accomplish anything by so doing. If he finds on checking over the list of old members that the two factions of the Republican majority will work together the governor will set before the legislature the task of filling the Lorimer vacancy in the United States senate and of passing congressional and senatorial district appointment bills.

Politicians point out that if the Lorimer vacancy can be filled before the new legislature convenes in January it will be possible for the Republicans to save at least part of the federal jobs which will be lost to the party if the Democrats will fill the Lorimer vacancy and also elect a successor to Senator Shelby M.

CABINET MAKERS BUSY WITH NAMES

ASSIGN MEN CONSPICUOUS AT BAL-
TIMORE AS WILSON CHOICES

Gossip as to Probable Cabinet Appointees Include Clarke, Underwood, Bryan, Foss, Harmon, McCombs, Burleson, Henry, Palmer, McAdoo and Others.

WASHINGTON, NOV. 6.—Cabinet makers are already busy conjuring with names of those who will share with Wilson in shaping the policy of the next administration. Necessarily this is purely gossip, but the cabinet builders are none the less active in pointing out the persons and the elements available as cabinet material.

One of the available elements embraces those who were conspicuous party figures at the Baltimore convention, including Speaker Clark, Chairman Underwood, William Jennings Bryan, Governor Foss of Massachusetts, Governor Harmon of Ohio, and some others.

It is generally assumed, however, that Speaker Clark and Chairman Underwood would prefer to continue their work in congress, especially now that the legislative program on the tariff and other questions is likely to meet with fewer obstacles.

As to Mr. Bryan, one of the Democratic senators was quoted during the campaign as definitely assigning Mr. Bryan to a cabinet place in case of Mr. Wilson's election, although the latter stated about the same time that no consideration had been given to the personnel of the cabinet. None the less speculation is active as to whether the Nebraskan will have a port folio.

Another element from which cabinet material is being suggested embraces those who have been prominently identified with the Wilson campaign, notably Chairman McCombs of the Democratic national committee, Representatives Burleson and Henry of Texas, Representative Palmer of Pennsylvania, Assistant Chairman McAdoo and a number of others who bore the brunt of the conflict at Baltimore.

Many Use New Element.
Still another available element is made up of prominent party figures in the various states who were not conspicuously identified with the recent national convention and campaign.

While others includes some of the veterans of the last Democratic administration.

Outside of these usual elements from which cabinets are constructed, many foresee the entry of a considerable new element in public affairs, made up of men like Mr. Wilson, who have been identified with college, education and the economic study of public questions this opens a wide field of available material. All of this activity of cabinet making is necessarily confined to gossip and conjecture and though names are likely to be put forward from now on, nothing authoritative is expected until the president-elect himself has in his own mind and time given mature consideration to those who will make up his official household.

PROHIBITION PARTY FOUNDER IS DEAD.

"Father" John Russell Was Temperance Leader Many Years.

Detroit, Nov. 6.—"Father" John Russell, founder of the Prohibition party and the oldest Methodist preacher in the Detroit conference, is dead at the home of his daughter in this city. He was born in Livingston county, N. Y., in 1822.

All his life "Father" Russell cooperated with most of the leading temperance organizations, such as the Sons of Temperance and Good Templars. He was twice at the head of the Order of Good Templars of the World and presided at the first session of the order ever held in England.

Mr. Russell wrote the first articles and made the first public speeches in favor of the organization of an independent political party on the issue of prohibition. He wrote the call for the national convention at which the party was organized in Chicago and was the party's first candidate for the vice presidency in 1872. For years he was the recognized leader of the Prohibition forces of the country.

METHODIST BISHOPS ASSIGNED.

Board Makes Appointments for the Spring Conferences of 1913.

Toledo, Ohio, Nov. 6.—The assignment of bishops to presidential authority over conferences in districts where spring conferences are held during the months of March, April and May of next year were announced by the Board of Bishops of the Methodist Episcopal church yesterday. Spring conferences of 1913 numbered about one-third of the total number of Methodist conferences. Fully two-thirds of the conferences are designated by the general conference.

Among the appointments were: Bishop J. F. Berry, Wyoming; Bishop W. A. Quayle, Arkansas and Little Rock; Bishop Robert McIntyre, Lincoln, Neb.; Bishop C. W. Smith, St. Louis and central Missouri; Bishop Frank M. Bristol, northwest and southwest Kansas; Bishop W. O. Shepard, Kansas and south Kansas; Bishop Francis J. McConnell, Mexico; Bishop R. J. Cooke, Alaska; Bishop N. Luckock, Hawaii.

WOODROW WILSON SPENDS RESTFUL DAY

Turns Back on Telegrams
and Messages and
Takes Long Tramp

SEES 'VARSITY PRACTICE

Declines to Discuss Cabinet Possibilities and Makes no Statement Regarding Election

WILL TAKE VACATION NOV. 15

PRINCETON, N. J., NOV. 6.—President-elect Wilson turned away from an avalanche of telegrams and messages of congratulation for two hours today and went off for a brisk walk. For five miles he walked, swinging a heavy black cane, which came to grief on the fourth mile when Captain "Bill" McDonald, Texas ranger and body guard, tried to kill a rattlesnake.

The governor spied the snake curling through the leaves and pointed it out to the captain, who borrowed the governor's cane and killed it, but in doing so broke the cane. The captain apologized and promised to buy the president-elect a new cane, but Governor Wilson reminded him that he had many more canes at home.

Watches Scrimmage.
The governor's walk exhilarated him he said. The strain of the campaign, the excitement of election day, and the climax with its spirit of congratulation and merry-making had kept him pretty much indoors of late. It was with a long stride and vigorous swing that he set out from his home and out through the university campus to the wooded stretches of country to the south of Princeton. As he passed through the campus students who were kicking footballs back and forth in exercise stopped to greet the president-elect. The president-elect pointed with pride to the buildings of the university over which for ten years he presided. For a few minutes he stopped at University field and saw the "varsity eleven go through its daily drill on the gridiron. It was "secret practice" but the president-elect got in.

As he sat with McDonald in the empty grandstands three of the football coaches came over to congratulate him. The president-elect watched the punners reel off their kicks and talked about the fierce scrimmaging of football in the late 70's when he was in college.

Congratulations on Every Hand.
As Governor Wilson sauntered into open country he seemed for the first time to relax from the strain of the last few days. Obviously he was happy. He jostled with the correspondents and moved along merrily as if it were the happiest day of his life.

Professors and their wives waylaid him as he turned his steps through the town and congratulated him. Many little children came running to meet him. He stopped and shook hands with the little folks as well as their elders. It was sundown when he reached his home. There he received the correspondents in his study. He wouldn't discuss cabinet possibilities and as to making a statement about the election he said he would defer that because "there will be a better opportunity now to think out the solution to the problems that are to be met."

Governor Wilson had a long walk with National Chairman William F. McCombs today.

"It was a visit of friendly compliment," the governor said. The president-elect will remain in Princeton until about Nov. 15, when it is expected he will take a short trip to the Bermuda islands for a brief vacation.

London Papers Endorse Wilson.
London, Nov. 6.—The evening newspapers today all speak very highly of Woodrow Wilson and his policies and politics. The free trade "Westminster Gazette" says the people of the United States are clearly ripe for new men and new measures and adds:

"Tired of their professional politicians, the American people have decided to give a new man a trial so a learned historian and former college president walks into the white house. Most heartily we wish success to this experiment with a 'philosopher king' being made in the most unlikely quarter in the world. From our own experience with university men in politics we are encouraged to hope that he will prove as shrewd and practical as any of the old stagers in American politics."

Theodore Roosevelt's position in the poll according to the Westminster Gazette justifies his incursion into the arena, while President Taft will get sympathy, owing to the circumstances which set him up as the candidate of a divided party and with the strongest single personality in the country disputing his claim.

The Evening Standard says: "Woodrow Wilson will command confidence in his own country and in the world outside. He is a public man of a much higher type than the circumstances of a divided party."

PRESIDENT PLANS FOR THE FUTURE

TAFT, NOT DISCOURAGED, WILL PLAN
FOR STRENGTHENING OF PARTY

Declares Wilson Will Not Have an Easy Task—Faces Congress Made Up to Large Extent of Untried Men—President Will Practice Law in Cincinnati.

COLUMBUS, OHIO, NOV. 6.—Defeated, but far from discouraged, President Taft is preparing plans for holding together and strengthening the Republican party. The plans are indefinite and still vague, but he declared tonight to friends who accompanied him north from Cincinnati that the party will continue to exist, that it would be as active as in the past and that there is no reason to believe that its chances of future success were not excellent. So far as the president's plan is concerned, he hopes to see organized a "National Republican Club" entirely apart from the Republican national committee which shall cherish the principles of the party and be a source of political activity, not only during the election years, but at all times. The president spoke of the Republican club of New York, the Hamilton club of Chicago and other organizations similar in character and expressed the belief that through these clubs interest and loyalty could be kept alive.

To a suggestion that he might be the Republican nominee in 1916, the president replied with a smile, but made no comment. He laughingly said his intention of returning to Cincinnati and the practice of law.

Wilson's Task Not Easy.
The president is convinced that the task of President-elect Wilson will not be easy. He said tonight that he earnestly hoped Mr. Wilson would not call an extra session of congress to revise the tariff. He wished, he said, to see the present prosperity continue as long as possible.

Mr. Taft declared that Mr. Wilson would face a congress made up to a large extent of untried men who have come to believe in "distronic publicity," and who believe that they must at times be "insurgents" and oppose the program of the leaders. The president was particularly interested in any tariff revision program and laughed when he said he was eagerly awaiting the Democratic efforts to reduce the schedules of that iniquitous Payne-Adams law.

Asked if he did not consider Mr. Wilson more conservative than radical, the president told the following story about Senator Zayas, head of the radical party in Cuba:

"Zayas was campaigning once," said the president, "and was accused of being a conservative. 'I am not a conservative,' said Zayas, 'I am a radical. I must speak as a radical on the platform to keep my followers, but in office I am not a radical.'"

The president left Columbus at 5:45 for Washington. He expects to stay there most of the time until March 4. He announced today that he will not visit the Panama Canal during the Christmas holidays as he had planned.

Richard L. Jervis, one of the husky six foot secret service men who has guarded President Taft since he was elected four years ago, was notified to proceed to Princeton. He will be joined by other secret service men later.

"Jimmy" Sloan, who has been head of the White House secret service force for seven years, and "Jack" Wheeler, his principal assistant, who has laid out the Taft trips, will stay with the president.

CHAIRS PLURALITY 611.

Danville, Ill., Nov. 6.—Frank T. O'Hair, Democrat is victor over Former Speaker Joseph G. Cannon for congress in the eighteenth district by 611 plurality. Vermillion county gave Cannon 718 plurality and Kankakee 544 plurality. Edgar county gave O'Hair 1,073 plurality; Clarke 300 (estimated); Cumberland 400, and Iroquois 100 plurality.

TO INVESTIGATE RIOT.

Champaign, Ill., Nov. 6.—Grand jurors were called today by Circuit Judge Solon S. Philbrick, an alumnus of the University of Illinois, to investigate the riot in which students of that school recently engaged.

The riot culminated in an attack on a local opera house and several were injured.

BULGARS PURSUE FLEEING TURKS

Give Broken Turkish Army
No Time to Recuperate
For Last Stand

TURKS SEE END HAS COME

Public at Constantinople Astonished at Turkish Reverses—Troops Said to be Half Starved

BULGARS WANT ADRIANOPLE

LONDON, NOV. 6.—Bulgaria is giving the broken Turkish army no time to recuperate. In accordance with the tactics adopted throughout the war, the Bulgarians are following up the defeated Turks with extraordinary energy. Flying columns are pushing along the seacoast towards the Thracian lines and it is believed that the main attack will be delivered tomorrow or Friday.

Constantinople appears to have lost hope of stemming the advance even at Tchatalja, and the Turkish court is ready to cross into Asia. Apparently, however, the Bulgarian government has no aspirations on Constantinople itself and would be ready to conclude peace provided Turkey agrees to surrender Adrianople and some other positions in the western theater of war, and give a guarantee to bring no more reinforcements from Asia.

The porte shows no disposition as yet to treat for peace direct with the allies and until the big Thracian battle has been fought the diplomatic situation is not likely to change. What will happen then it is impossible to foresee. The only thing certain being that the European concert, which is not too harmonious, will be faced by the most difficult task of settling the rival claims of the many aspirants for Turkish territory.

Albania forms the crux of the position. It is stated that any attempt by Serbia to encroach on Albania will be regarded by Austria as a casus belli. On the other hand Serbia declares that a port on the Adriatic is a matter of life and death for her, and she fails to see why her presence there should be detrimental to the interests of any other power. Further, Serbia argues that she would only be regaining possession of what belonged to her before the downfall of the Serbian empire, when Adriatic seaports were flourishing Serbian towns.

Nothing is known as yet of Rumania's position in the new deal. The British minister at Buchrist had a three hours conference with the Russian minister today on the subject.

The fall of Monastir is not confirmed, but is considered not improbable.

Capital Heavily Guarded.

Constantinople, Nov. 6.—The Turkish government appears at present to be able to control the local situation. The patriots in the streets have been lessened by the arrival of a large number of military police. More troops have been sent to guard the approaches to Constantinople so as to prevent the ingress of fugitives.

Notwithstanding these measures, the arrival of the foreign war vessels, the public is unsettled and many families continue to leave for abroad while residents of the suburbs are coming into the inner city. The public is astonished and dumbfounded at the Turkish reverses. It is now recognized on all sides that the end has come.

The threat of the Turks to abandon Constantinople entirely, which was made by the Ottoman foreign minister to an ambassador yesterday is believed to have been intended to

Her two little children knelt beside her, while the father was found sitting in a front room of the house. He denied all knowledge of the killing, but was detained by the police. The quarrel is said to have been caused by Mrs. Slaby failing to have the evening meal ready when her husband came home.

ESTABLISHED 16 YEARS

On the day that William McKinley was elected president of the United States, The Johnston Agency was opened in the Duncan Bldg. It remained there 11 years, and has now been 5 years in the Courier Bldg. During these 16 years we have loaned approximately two million dollars of Morgan county money on Morgan county land and Jacksonville residence property. During all that time the only property the lenders have had to take under mortgage was one the owner of which had died.

We respectfully solicit the placing of your loans, the selling of your real estate and the writing of your fire and tornado insurance business.

BULGARS PURSUE FLEEING TURKS

(Continued From Page One.)

that strong forces of blue-jackets and marines are to be landed at Constantinople and other points to protect the population.

Pursue Defeated Turks.

Sofia, Nov. 6.—The Turkish army commanded by Nazim Pasha was completely crushed in the great battle of the last two days on the Serai-Toborlu line. According to the semi-official "Miri" the Turks lost in killed and wounded more than double the losses at Luleburgaz.

The Bulgarians are now pursuing the defeated enemy.

Turkish Troops Destitute.

Athens, Nov. 6.—Steamship passengers who arrived today from Salonika describe the Turkish troops as destitute. They are in rags and are selling their arms to buy food.

For the Levant Tomorrow.

Gibraltar, Nov. 6.—The British admiralty has cancelled the order given to the cruiser Black Prince to proceed to Portsmouth. She is to sail for the Levant Friday.

Turkish Losses 25,000.

Sofia, Nov. 6.—The Turkish losses in killed and wounded during the five days fighting in the vicinity of Luleburgaz and Bunarhisar are estimated at 25,000 men. The Bulgarian troops captured 37 batteries of quick firing guns and took 2,000 prisoners. They also seized four locomotives and 242 railroad cars.

The Bulgarian army in Macedonia is advancing rapidly down the valley of the Struma. The troops have occupied the Rupel Pass and are continuing their march upon the town of Serres.

Mrs. Emma Maier, 627 N. 7th St., Springfield, Ill., says her kidney trouble resulted from an operation: "From then until I used Foley Kidney Pills I did not know what a well day was. Then my backache left me, that tired dragged down feeling was gone, I slept soundly and awoke refreshed. I had no more headache or dizzy spells. Safe and sure. Try them. City Drug Store, J. A. Obermeyer."

Beauty of the Zebra.

The zebra is perhaps of all quadrupeds the best made and most beautifully clad by the hand of nature. To the figure and graces of the horse it adds the elegance of the stag, and the black and white bands with which its body is ornamented are arranged with such wonderful symmetry that we might almost be disposed to imagine that rule and compass had been employed in their formation. These alternate bands are narrow, parallel and exactly separated. They extend not only over the body, but the head, thigh and legs and even over the ears and tail. They follow so exactly the contour of the different forms that they exhibit the entire figure in the most advantageous point of view. In the female these bands are alternately black and white. In the male they are black and yellow, but always of a lively and brilliant tint. They also rest upon a ground of short, fine and copious hairs, whose luster considerably augments the general beauty of the colors.—Exchange.

Our Wonderful Eyes.

Is there anything so wonderful as the eye? No matter how cold the weather may be, the eye never fails. In the wildest of blizzards, when the thermometer registers many degrees below zero, when the feet and fingers freeze, when the throat freezes, when even the torso, swathed in sweaters and chamois skin vestings, freezes; when the nose and ears are frost bitten, when the hair even crackles in the blast—when all is lost apparently, the eyes suffer no pain, but continue to perform their normal functions. The people of the most inclement, most frigid regions of the extreme north bundle up everything but their eyes. The eyes are never frostbitten. They seem to suffer only in a strong wind which carries in its current some irritating substance. And yet, notwithstanding this, the eyes are the most sensitive of our several organs.

Banking the Fire.

Banking the fire is a very simple process. It is easier to bank a fire than to bank anything else we know of. We have not been able to bank anything excepting a fire for several years. Place the ashes in the flour sifter and thus sprinkle them carefully over the coals—three teaspoonfuls for a small furnace, the kind that goes out every five minutes, and five teaspoonfuls for one of the battleship variety. Close all of the drafts or leave all of them open, as you choose. Turn out the gas in the basement, lock the kitchen door, take your dose of family tea, wind the clock, put out the cat and go to bed. If these directions are followed faithfully you will in the morning find one of two conditions—the fire will be going or it will be out.—Boston Globe.

Beauty Never Dies.

Nothing of beauty dies without having purified something, nor can aught of beauty be lost. Let us not be afraid of saving it along the road. It may remain there for weeks or years, but like the diamond it cannot dissolve, and finally there will pass some one whom its glitter will attract. He will pick it up and go his way rejoicing. Then why keep back a lofty, beautiful word, for that you doubt others will understand? An instant of higher good ness was impending over you. Why hinder its coming even though you believe not that those about you will profit thereby? What if you are among the men of the valley, is that sufficient reason for checking the instinctive movement of your soul toward the mountain peaks?—Maurice Maeterlinck

Herculaneum and Pompeii.

The twin cities of mournful destiny were both engulfed at the same time—August, 79 A. D. The reason why Herculaneum has not been excavated to the same extent as Pompeii is owing to the fact that it was covered with a much harder material than was Pompeii; the dust predominating in Pompeii, while the lava prevailed over Herculaneum. There is not much doubt about the eventual opening up of both cities. Human curiosity, together with the demands of history and science, will not rest until Herculaneum has been made to tell its secrets.—New York American.

Norway in Scotland.

The Orkney and Shetland islands, strictly speaking, belong to the Kingdom of Norway. Toward the close of the fifteenth century King Christian of Norway pledged the Orkneys and the Shetlands, over which his rule was undisputed, to King James III. of Scotland for the payment of the dowry of his daughter Margaret, who became queen of Scotland. The pledge has not been redeemed.

Selecting Judges.

Dr. Franklin thought that judges ought to be appointed by lawyers, for, added the shrewd man, in Scotland, where this practice prevails, they always select the ablest member of the profession in order to get rid of him and share his practice among themselves.

Three of Them.

ALVIN W. EDSON BECOMES A BENEDICT

Marries Miss Julia E. Kelley in Pretty Ceremony at Beardstown Catholic Church Wednesday Morning.

In a very impressive ceremony, at the Catholic church in Beardstown Wednesday morning at 8 o'clock Alvin W. Edson and Miss Julia Eleanor Kelley were married, in the presence of a large number of relatives and friends. At the appointed hour Miss Mayme Cook of Beardstown played the wedding march from Lohengrin when the bride, party entered the church and a nuptial high mass was celebrated by Rev. Father Hennessy, and was soved by Frank and Edward Kelley, brothers of the bride. During the ceremony Miss Mary Kelley, a sister of the bride, sang, "Ave Maria."

The couple was attended by Miss M. Barbara Schirz and Dr. Austin Kingsley, both of this city. The bride was handsomely gowned in white charmeuse with an over dress of lace, made entraine and with pearl trimmings, and her veil of tulle was caught with a wreath of orange blossoms. She carried a shower bouquet of bride's roses and lilies of the valley and her only ornament was a pearl pendant a gift of the groom. The maid of honor wore a gown of pink messaline with an overdress of pink silk voile trimmed in Venice lace, made entraine and carried pink roses.

In the church, which was recently redecorated, ferns, roses and carnations were used to pretty effect.

Following the ceremony an elegant three course wedding breakfast was served to the members of the bridal party and the families, at the home of the bride's uncle, Werner Steunagel.

The bride is the elder daughter of Mr. and Mrs. M. B. Kelley and was born and reared in Beardstown. She was educated in the public high school at that place and took a special musical course in St. Mary's academy at Quincy. In 1909 she spent four months in European travel with her uncle and is a charming young lady who has a wide circle of friends. She has frequently visited in this city where she is quite well known.

Mr. Edson is the only son of Mr. and Mrs. M. L. Edson of this city. He attended Rount college and later supplemented his education with a business course at Brown's Business college. For some time he was employed in the business department at the Journal and now holds a responsible position in the office of the superintendent of the Burlington railroad at Beardstown. Mr. Edson is a young man of high character and integrity and is held in high esteem by a host of friends.

Mr. and Mrs. Edson left Wednesday noon for a wedding trip to Chicago and St. Paul. They will be at home after December 1 at 117 East Fourth street, Beardstown, the home of the bride's uncle.

WODROW WILSON SPENDS RESTFUL DAY

(Continued on Page Four)

some of those who have occupied the white house. The Democrats did a good business for their party when they chose him. They had the sense to see that the great body of respectable citizens of the United States were heartily tired of the sordid squabbles of party managers with the accompanying chicanes, intrigue and self-seeking.

Fortunate for Germany.
Berlin, Nov. 6.—The election of Woodrow Wilson is regarded generally by the German press as a most fortunate occurrence for Germany. The newspapers say that it gives promise of a reduction of the tariff which has crippled the German export trade and also of the abandonment of the policy of tariff "pin pricks" such as those connected with paper pulp and split peas under which German-American relations have suffered.

The German commercial world is against expecting too much from the Democrats in this respect and point out that the Democratic party will be quite as responsive to the protection to American interest.

Paris Papers Comment.
Paris, Nov. 6.—The Paris newspapers comment in a friendly way on the election of Woodrow Wilson and predict a successful administration, in an attempt to forecast a foreign policy of the United States venture to believe that President Wilson will be less likely to intervene in the affairs of Central and South America than his two predecessors. This, it is remarked, will accord with the European ideas.

The Temps says:
"We are sure that we are voicing the unanimous sentiments of France in extending our sincerest good wishes to the American people. Mr. Wilson by a brilliant university career, the solid merits of his writings and the probity of his politics as governor of New Jersey has won general esteem. A man of great worth has been elected to preside over the destinies of a great nation."

Iowa

Des Moines, Iowa, Nov. 6.—With almost complete returns from 73 out of the total 99 counties in the state available tonight, Wilson continued to maintain his earlier lead over Roosevelt, with the majority of the counties indicated of more than 13,000.

For 53 of the counties, the vote was complete and in the remainder nearly so, so the count included 20 precincts, estimated and stood as follows: Taft, 82,271; Wilson, 128,447; Roosevelt, 115,139.

A remarkable result of the election in this state from the viewpoint of political leaders was the apparent victory of E. G. Dunn, Democratic candidate for governor over George W. Clark, Republican.

Des Moines, Ia., Nov. 6.—With 41 counties yet to be tallied Dunn claimed his election by from five to eight thousand, while friends of Lieutenant Governor Clark insisted that the Dunn lead would be overcome in later reports. The state ticket appeared safe for the Republicans on the meager returns at hand.

Des Moines, Nov. 6.—United States Senator Kenyon, Republican, is practically certain of re-election. Returns from election districts throughout the state indicate that the Republicans have at least eighty-two members on joint ballot, one more than a majority.

Kansas

Topeka, Kan., Nov. 6.—Woodrow Wilson had a lead of 4,172 votes over Roosevelt in Kansas tonight when incomplete returns from 43 of the 105 counties of the state had been received. At Democratic headquarters it was claimed that the Democratic national ticket would carry the state by 15,000 plurality.

Governor W. R. Stubbs tonight admitted that he had been defeated by William Thompson, Democrat for the United States senate.

Republican leaders conceded that five of the eight congressmen elected are Democrats.

WILSON HAS 387 ELECTORAL VOTES

(Continued from Page One.)

Cullom whose term expires in March.

It is understood that Governor Deneen will support L. Y. Sherman, Republican primary nominee for the Cullom seat for the Lorimer vacancy if the special session is held. Governor Deneen probably would like to be considered for the place, but it is probable it would be an easier matter to unite the Deneen and Lorimer Republicans for Sherman than on the governor himself.

Illinois

Chicago, Nov. 7.—Charles Boesch, Democratic national committeeman for Illinois, after studying reports received during the night declared that Wilson had carried Illinois. He said his reports from county chairmen indicated large pluralities for Wilson in counties not yet tabulated.

Chicago, Nov. 6.—Estimates based on election returns received up to 12:30 o'clock this morning are that Roosevelt probably has carried Illinois by about 10,000 votes over Wilson.

Wilson gradually gained strength throughout the day in the down-state reports but Roosevelt's lead of 38,000 in Cook county is believed to be large enough to carry him through.

Based on the returns received from fifty-four of the 102 counties the final result probably will be: Roosevelt 359,000; Wilson, 340,600; Taft 215,900; Debs 79,000; Chaffin 15,000.

The three leaders polled in the 54 counties the following: Roosevelt 392,332; Wilson 285,251; Taft 170,984.

Dunne's plurality in the gubernatorial race probably will exceed 100,000. Funk, Progressive, continued to run second, and it seemed probable that Deneen, Republican, would finish third.

The gubernatorial race continued to show surprise.

In Cook county, where Funk's followers hardly expected him to run better than third, he polled 198,185 votes to Deneen's 107,096. The downstate showing of Dunne was unexpected.

Indications were that the house would be composed as follows: Republicans 56; Democrats 71; Progressives 22; Socialists 3; Independents 1.

The senate probably will stand: Republicans 31; Democrats 19; Progressives 1.

The defeat of Joseph G. Cannon in the eighteenth and William B. McKinley in the nineteenth by Frank T. O'Hair and Charles M. Borchers, respectively appeared certain.

Although the vote on the minor state officers has come in slowly there is little doubt that the entire Democratic ticket has been chosen. This result makes Barrett O'Hara lieutenant governor; Harry Woods, secretary of state; William Ryan, Jr., state treasurer; Patrick J. Lucey, attorney general and James J. Brady, auditor.

Chicago, Nov. 6.—Roosevelt, according to the complete count in Cook county has a plurality over Wilson of 38,257, which, apparently, disposes of any hope that Wilson adherents might have had that their candidate would overtake Roosevelt in the Illinois down state vote. A total of 3,200 precincts including 1,498 in Cook county, out of a total number of 4,286 precincts in Illinois, give Roosevelt 330,446; Wilson 305,169.

This leaves Roosevelt a plurality so far of 25,277, which cannot be overcome in the remaining 1,086 precincts yet to be heard from. Taft's vote amounts to 185,522. The total vote in Cook county is: Taft 79,924; Wilson 138,223; Roosevelt 176,430; Debs, 57,701; Chaffin 3,227.

Chicago, Nov. 6.—James R. Mann, Republican minority leader in the national house, has been re-elected from the second district.

Chicago, Nov. 6.—Returns tonight from counties through the state continued to reduce Roosevelt's large plurality in Chicago. On the face of the returns from fewer than half the counties outside of Chicago, Wilson's plurality over Roosevelt downstate was 17,000 as against Roosevelt's plurality of 32,000 in Chicago.

Wisconsin

Milwaukee, Wis., Nov. 6.—Governor Francis E. McGovern, Republican, has carried Wisconsin, according to latest returns received tonight.

Milwaukee, Wis., Nov. 6.—That Governor Wilson carried Wisconsin is generally accepted beyond a doubt but Governor Francis E. McGovern, according to late figures tonight, will remain as chief executive for a second term. An official count may be necessary to decide the contest.

Chairman George E. Scott of the Republican state central committee declared this evening that he had received reports from 63 of the 71 counties and that the figures received warrant him claiming the state for McGovern by at least 5,000. Others place the figures at 2,000. McGovern's victory means the election of the remainder of the Republican state ticket.

McGovern will have with him a Republican legislature made up of approximately 54 Republicans, 27 Democrats, 6 Socialists and 13 members elected as non-partisans. Some of the non-partisans will affiliate with the Republicans and others with the Democrats.

The complexion of the senate will be 23 Republicans, 6 Democrats, 1 Socialist-Democrat and three non-partisans.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

STATE NEWS.

Fatal Shooting.—"Jack" Liehagen was mortally wounded, being shot in the head and breast by an enraged husband, supposed to be A. C. Kemplin. The shooting took place at the home of Wilber A. Jones, 312 West Washington street, Springfield.

Fined For Drinking on Chicago & Alton Trains.—Curtiss Henderson, Nicholas George and Nicholas Thorn were arrested, charged with drinking on the Alton train near Springfield. The trio paid fines of \$21 and costs, and were released.

Burglar Enters Candidate's House.—A burglar entered the residence of John A. Reeves of Decatur, Republican candidate for re-election to the state board of equalization, at 4:15 Tuesday morning, taking Mr. Reeves' trousers and \$46.85, besides railroad passes and other valuable papers. Mrs. Reeves saw the man as he was leaving and she called her husband, who grabbed a shotgun and fired twice at the man as he ran up the alley. The man made his escape.

Sangamon Leads in Standard Schools.—The Educational Press Bulletin published by the state superintendent of public instruction, in a late issue, makes reference to the standard schools in the various counties in Illinois.

While there are quite a number of counties that have many more schools than Sangamon county, there are only two counties that have more standard schools than Sangamon.

This county is credited by State Superintendent Blair with thirty-seven standard schools and is exceeded only by McLean and Whiteside counties.

Diamonds to Laundry.—A \$500 diamond brooch lost by Mrs. Edwin Monroe of Joliet was found on the street by A. Lucky, a saloon porter, who sold it to a bartender for \$1. Not knowing its value the bartender left it in his vest pocket and it has not been found since the vest was sent to the laundry.

Fire Drills Ordered.—The board of education of Lincoln has ordered fire drills instituted into every public school in the city, the drills to be held at least once a month. Several of the ward-schools have already had several effective fire drills, and the high school will start this week.

Saloonist Killed When Pistol Falls.—George Muench, 48 years old, proprietor of a saloon at Virden, was killed when a revolver dropped from his pocket and was discharged. The bullet struck him in the lower part of the abdomen and ranged upwards into his right lung.

Muench, who was dressing, carried the weapon in his trousers pocket to protect himself and the day's receipts which he carried with him to his room every night.

Muench conducted the Commercial bar in Collinsville for twenty-five years. He was unmarried. He was prominent in the Collinsville Odd Fellows' lodge. Five sisters and a brother survive him.

Potatoes in Danger.—The commerce commission reports that a shortage of cars will probably result seriously to the potato crop. Three thousand cars are ready for shipment into the northwest. The crops must be moved before freezing weather or much damage will result.

Report Six Hundred Converts.—The Minges Evangelistic company of ten persons, who have been conducting an evangelistic campaign for the past four weeks in Lincoln, in a tabernacle erected on South Kickapoo street, departed today for Elwood, Ind., where they will conduct a revival. The company was headed by the Rev. John William Minges who preached nightly in the tabernacle, which seated 1,800 people and was filled at nearly every service. The campaign was conducted under the auspices of the First Christian church, and six hundred conversions were reported, half of

whom have united with this congregation. A big reception was held at the Christian church Monday night in honor of the new members. A new financial plan was adopted, and the activities of the church re-portioned.

City Gets \$1,015 From Dog Licenses.—Dog licenses this year netted Joliet \$1,015. The income from this source is greater this year than the year past. More than 200 dogs whose owners couldn't afford to pay the necessary amount were killed.

Rest or Labor?—The Illinois supreme court does not determine whether poker playing is "social rest" or "actual labor" in affirming the decision of the trial court in the case against Felix Viskniski, of Carmi, White county who was found guilty of renting a building for gambling purposes. In appealing the case it was contended that poker might be construed to be "social rest." In passing upon this argument the supreme court says it is not in a position to determine the question, but affirms the judgment of the lower court which fined the defendant \$15.

Corn Husking Record at Philo.—John Chappel of Ogden, Ind., has established a record for corn husking which is expected to stand through the season. The champion corn husker made his record while working on the farm of John O'Neill one mile north of town. Chappel started work at 7 o'clock in the morning and stopped at 4:45 in the afternoon with 148 bushels of corn husked.

Killed Big Groundhog.—Groundhogs, which are a great curiosity in central Illinois, but numerous in northern Illinois, are almost unknown in Champaign county. A specimen killed this week by Edward Carpenter in the timber near Penfield, weighed forty-five pounds and attracted much attention. It was the first reported in that county in many years.

Reformatory Population.—The total number of inmates at the Pontiac reformatory last Saturday was 617. During the week 17 boys were received, 9 were paroled and 3 received their complete discharge. Of the total number 513 are white and 104 colored.

Peculiar Accident.—After Mrs. C. C. Baxter opened a can containing aluminum paint, the air rushed into the can, causing the explosion which threw the lid and a portion of the paint in her face. The lid broke her glasses and drove a piece of glass into one of her eyes.

"TELLS THE WHOLE STORY."

To say that Foley's Honey and Tar Compound is best for children and grown persons and contains no opiates tells only part of the tale. The whole story is that it is the best medicine for coughs, colds, croup, bronchitis and other affections of the throat, chest and lungs. Stops the grippe coughs and has a healing and soothing effect. Remember the name, Foley's Honey and Tar Compound, accept no substitutes. City Drug Store, J. A. Obermeyer.

HAIR TELLS CHARACTER.

Color of hair said to indicate a person's Temperament.

Many people believe that blonde or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newb's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

PROSPERITY FORCES MARKET UPWARD**GENERAL PROSPERITY OF COUNTRY HOLDS MARKET TO RISE**

Financial Community is Not Unmindful of Democrats' Commitment to Tariff Revision and Situation May Find Reflection at Times in Corporation Stocks.

NEW YORK, Nov. 6.—After an early period of uncertainty, today's stock market suddenly forged upward on a very large volume of business recording net gains of 2 to 4 points in many of the more important issues.

To what extent the rise was prompted by yesterday's election or to the general prosperity of the country, or perhaps to a conjunction of these conditions must remain a matter of conjecture. It is noteworthy, however, that the market was at its best in the final hour when a statement, accepted by the financial community as most reassuring, was issued by the president-elect.

London and the continent were purchasers of our stocks both in their own markets and later here. Public and private advices from abroad were of a tenor to indicate that the financial interests of Europe had substantially discounted yesterday's political upheaval and were prepared to accept the outcome with complacency. These advices were supplemented by the favorable comment of local banking and industrial interests. Over all was a feeling of relief that henceforward politics would cease to be a paramount factor.

The financial community is not unmindful of the fact that the Democratic party is committed to tariff revision and that situation may be expected to find reflection from time to time in the securities of certain corporations whose destinies are considered more or less bound up in this issue. Already in fact stocks of some such domestic corporations suffered serious reverses, namely American Beet Sugar and American Sugar, while the American Woolen company also manifested an easier tendency. Quite apart from domestic considerations, however, it is believed that the immediate future of our stock markets rests in large measure on the outcome of the war in eastern Europe. Today's despatches from foreign centers of that point were more encouraging.

SPECIAL ASSESSMENT NOTICE.**Installments, Publishing and Posting.**

Notice is hereby given to all persons interested that the City Council of Jacksonville, Illinois, having ordered that a 10-inch vitrified sewer be constructed on the roadway of Doolin avenue, Dunlap street and Cox street; the ordinances for the same being on file in the office of the City Clerk of said City, having applied to the County Court of Morgan County, Illinois, for an assessment of the cost of said improvement according to benefits, said assessment being payable in 6 installments, each bearing interest at the rate of 5 per cent per annum, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 14th day of November, A. D. 1912, at the hour of 9 o'clock a. m. or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Dated Jacksonville, Illinois, Oct. 30th, A. D. 1912.

Board of Local Improvements of the city of Jacksonville, Illinois.

By C. H. Harney,

Appointed to make said assessment.

In memory of our late and beloved friend, John Reese.

A precious loved one has crossed the tide, To a far off and better shore, We know he passed safe to the further side, With us to be no more.

His earthly task in this world is done, Ere the Savior called him home, His battle o'er, his victory won, Never no more to roam.

To the upper world, where all is peace, There's no pain, no death, no fears Where all is joy and happiness, Where they never shed no tears.

We know he rests in the home of the blest, In the presence of God's love, He is waiting and watching for our coming, To greet us in mansions above.

—A Friend, H. A. H.

Mrs. Peter Holan, 11501 Buckeye Road, S. E., Cleveland, O., had a little son with a bad case of whooping cough. She says: "He coughed until he was blue in the face. I gave him Foley's Honey and Tar Compound, and the first few doses had a remarkable and almost immediate effect. A few more doses cured him. Yes indeed I can recommend Foley's Honey and Tar Compound." In the yellow package. City Drug Store, J. A. Obermeyer.

VISITOR FROM WASHINGTON. T. F. Dennis came from Washington to vote at his old time home in Waverly. He was in the city yesterday calling on some of his friends though he sees few familiar faces where once he was so well acquainted. He expects to swing around a large circle on his

BAD BREATH.

It's Your Duty to Get at the Cause and Remove It—A Word to the Wise, You Know.

Dr. Edwards' Olive Tablets, the substitute for calomel, oil the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant sugar-coated tablets are taken for bad breath by all who know them. Olive Tablets act gently but firmly on the bowels and liver, stimulating the blood and gently purifying the entire system of impurities.

They do all that dangerous calomel does without any of the bad after-effects.

All the benefits of nasty, sickening, griping cathartics are derived from Olive Tablets without griping, pain or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Olive Tablets are a purely vegetable compound mixed with olive oil.

Take one every night for a week and note the effect.

"Every little Olive Tablet has a movement all its own." 10c and 25c per box.

The Olive Tablet company, Columbus, O.

Don Hollis left Tuesday for an extended visit with relatives and friends in Tulsa and other points in Oklahoma and Kansas.

Declare War on Colds.
A crusade of education which
aims "that common colds may be-
come uncommon with the next gen-
eration" has been begun by promi-
nent New York physicians. Here is
a list of the "don'ts" which the doc-
tors say will prevent the annual
visitation of the cold:

"Don't sit in a draughty car."
"Don't sleep in hot rooms."
"Don't avoid fresh air."
"Don't stuff yourself at meal time."

Overeating reduces your resistance.
To which we would add—when
you take a cold get rid of it as
quickly as possible. To accomplish
that you will find Chamberlain's
Cough Remedy most excellent. Sold
by all dealers.

GENERAL MARKET NEWS

**SCANT INCREASES
CAUSE UPTURN**

Wheat Prices Closed Strong 3/4 to 1/2
Above Monday Close.

(By Associated Press.)
Chicago, Nov. 6.—Although wheat
prices today touched a new low re-
cord for the season December at 87 1/2
the market closed strong 3/4 to 1/2
above Monday night. Scantiness of
increases in the world's available
supply formed the main reason for
the upturn.

Corn finished unchanged to 1/4
higher, oats ranging from the same
as the previous close to 1/4 to 1/2
gain and provisions either not altered or
with advances ranging from a shade
to 1/2 cent.

Extreme bearish sentiment which
prevailed early came about as a re-
sult of weak cables and because of
the absence of adequate demand for
the big receipts piling up northwest
of here. Better crop conditions in
Argentina counted also against the
bulls. Selling on the decline, how-
ever, was overdone and shorts forced
the market up on themselves in at-
tempts to cover.

December fluctuated between 87 1/2
and 89 1/2, with last sales 1/2 higher
at 89 1/2.

In corn shorts especially the small-
er ones overcame themselves. One
of their chief difficulties was the fact
that rain throughout central Illinois
proved to be the heaviest in months.
December ranged from 49 1/2 to 50 1/2,
closing strong 1/4 up at 50 1/2 to 50 3/4.

Some export call aided in over-
coming the bearish effect of huge re-
ceipts of oats. Upper and lower lev-
els reached for December were 31 1/2
and 30 1/2, with the close at 31 1/4
and 30 3/4, an advance of 1/4 to 1/2 net.

Provisions after suffering from
sales by packers rallied when grain
turned strong. January pork and
lard headed the list with a net gain
of 1 1/2.

NEW YORK STOCKS.
New York, Nov. 6.—During the
first half of today's session the stock
market, the undertone of irregular-
ity and indecision suggested the
thought that the speculative element
seemed unable to grasp the signifi-
cance of yesterday's election.

Prices opened with substantial
gains under London's lead and then
fell back in numerous instances to
over, or below, yesterday's closing.
In the speculative favorites chiefly
United Pacific, Canadian Pacific,
Reading, U. S. steel and Amalgamated
Copper sent these and other issues
up two to five points from the low.

There was some shading of prices
due to profit taking and six per cent
money, but the money was resumed
and prices attained a higher level in
the final dealings with pronounced
strength to the active close.

Trading in the last two hours lifted the days
total well above all recent records.
General conditions abroad were
undoubtedly factors in the rise. Ad-
vices from continental centers im-
parted a more hopeful view to the
Balkan situation and the trend of
events in London, Paris and Berlin
indicated that Europe's financial in-
terests were prepared to meet the su-
premacy of the Democratic party in
the United States with absolute equa-
nimity.

Call money was easier at the out-
set, opening at five per cent, but ad-
vanced to six per cent in the final
hour on belated borrowing. The
time money market was dull with of-
ferings less free for longer dates.
Commercial paper was in increased
demand.

AN OLD TIME PIANO

The Property of Mrs. N. B. Westover of This City.

In the third story of the piano house of W. T. Brown Piano Co., is an instrument with an interesting history. It is the property of Mrs. Nannie B. Westover of West College avenue and is an heirloom from her grandfather, the late John T. Jones. Mrs. Westover is a daughter of the late Charles Jones of Lynnville and sister of Dr. R. R. Jones of Woodson, niece of the late Hon. John Gordon, Mrs. John Carter and Mrs. B. F. Beesley of this city.

The piano is a small affair with legs like the supports of a table and six of them and so light that the writer, by no means strong, easily lifted one end with one hand. It has a single wooden pedal; a part seems to be solid mahogany and a part veneered. Of course it is much out of tune but the sound of it at any rate is much in keeping with its diminutive size and shorter keyboard. On the front is a card covered with glass and bearing the inscription, probably printed in a press and protected in a slight recess. "Made by Robert & William Nunn for Dubois & Stoddard, New York and selected for Martha E. Saunders by G. B. Hurlbut."

It is number 222 so must have been one of the early manufacturers. Mrs. Westover says her grandfather, who was one time at the head of the State School for the Deaf, bought the instrument second hand so that she knows it is over 100 years old though she is unable to tell its exact age or history.

The Steinways, then fresh from Germany and called Steinweg, learned their trade as piano makers with the men who made this instrument so that one gentleman of the musical world said it was one of the first instruments made by the Steinway company.

Mr. Brown said he might have the instrument fixed up and polished and placed in his window as it is indeed a curiosity and much reminds one of the ancient spinnets to be seen in the museums of the old world and also at the Metropolitan Museum of Art in New York city.

The October and November Birthday social of Northminster church will be held this afternoon. The hostesses are Mrs. L. Smith, Mrs. Bell Day, Mrs. John DeSilva, Mrs. James Scott, Rose DeFrates, Mrs. Martis, Mrs. Ornellas, Mrs. D. Estaque and Mrs. Cherry. All friends invited.

KENTUCKIANS RUN
AGENT FROM STATION

Four Men Run Agent Clinefelter From Wabash Depot at Alexander and Hit Him With Jug—Are Later Arrested and Brought to This City.

Silas Leach, Leburn Leach, Deiworth Leach and Earl Calhoun, four Kentuckians who are employed as farm hands near Alexander, were arrested Wednesday evening by Deputy Sheriffs Todd and Andrews on complaint of the Wabash railroad officials.

These four men went to Berlin Wednesday morning, where it is alleged that they imbibed too freely of intoxicants, and on returning to Alexander on the evening train they are charged with an attempt to whip the station agent, Carl Clinefelter, at that place. Mr. Clinefelter went out on the platform just after the train pulled out, to get some baggage or freight and when he was seen by the four men it is said they started after him. When he ran the men threw a half gallon jug of whiskey which struck the agent in the back, and in falling struck a truck, breaking the jug and spilling the whiskey all over the platform. Two by-standers, Alva Bell and George Hubbs, upon seeing the trend of affairs gave the four men a good whipping, but this did not stop them and after walking about town looking for Mr. Clinefelter they went back to the station.

In the meantime Mr. Clinefelter secured the assistance of Henry Hubble and Henry Grau, constables and together with Jack Walsh, went back to the station and when the men saw the constables they went to a rooming house and retired.

The Wabash officials took the matter up and Deputy Sheriffs Todd and Andrews went to Alexander, arrested the men and brought them to the county jail in this city Wednesday night.

CLEW IS FOUND TO LOST WOMAN

CONFESSED MURDERER HAS RELATIVES LIVING HERE.

Mrs. Pansy Hastings Lesh, Who Said She Killed Two Women in Missouri and Is Now Being Held in Los Angeles, Is Participant in Estate of the Late W. T. Luttrell.

Mrs. Pansy Hastings Lesh, who recently surrendered to the police in Los Angeles, Cal., declaring that she had murdered two women in Missouri, one at Green Ridge and another at Sedalia, formerly resided in Jacksonville and is an heir, for whom search has been made for some time, in the large estate of the late W. T. Luttrell. Mrs. Lesh's mother, Cora Luttrell Hastings, mysteriously disappeared in this city over twenty years ago, and the fate that befell her was never solved. Relatives had also lost track of Mrs. Lesh and her recent confession in the west gave a clew to her whereabouts.

Pansy Ellen Hastings' father was Hiram N. Hastings, who married Cora Luttrell, a daughter of J. M. Luttrell, and the family first resided in Jacksonville, Ill. Cora Luttrell Hastings was a niece of the late W. T. Luttrell and of Mrs. Ellen Hamilton, who resides at 210 East College avenue, this city. Pansy Ellen Hastings received her middle name from Mrs. Hamilton and the young lady is a second cousin of Mrs. J. L. Profit and Mrs. S. P. Carter of Jacksonville and Mrs. David Cumming of Garden, Ill.

Mother Mysteriously Disappears.
Mr. and Mrs. Hiram N. Hastings made their home in Lynnville, where Pansy was born. When she was under two years of age, her parents moved to this city and took up a residence on Anna street. At that time Mrs. Hamilton resided at the corner of Hardin avenue and Routt street. One evening Mrs. Hastings took her daughter to the home of Mrs. Hamilton and asked her if she would keep the child for the evening, as she was going to a party. As the evening waned Mrs. Hastings did not return, so the child was kept at the home all night. The following morning the father appeared at the Hamilton home and inquired if his wife had staid there all night as she had gone with some friends to a party the evening before. Mr. Hastings' father, who was making his home with his son at that time, also went to the residence and they wanted Mrs. Hamilton to keep the child, but as it was inconvenient and it was expected that the mother would return shortly, the father took the baby back to his home. From that time Mrs. Hastings was never heard from. A search was instigated far and near for a long time and her sudden disappearance could never be solved.

Clew From Journal Story.
Later the father, son and daughter moved back to Lynnville where they resided some four or five years where Mr. Hastings, Sr., passed away. The father then took the child and went farther west, making the trip in a covered wagon. He passed through Jacksonville and that was the last time relatives here ever heard of the daughter until they picked up Sunday morning's Journal and read the Associated Press story of the confession that the girl had made in Los Angeles to the police, testifying that she had killed two women in Missouri.

Girl Gets Portion of Estate.
W. T. Luttrell, grand uncle of the girl, whose home was two miles south of Franklin, died May 5, 1912. He left an estate valued close to \$75,000. The nearest relatives surviving were his two sisters and brother, Mrs. Ellen Hamilton of this city, Mrs. J. M. Wyatt of Springfield and J. W. Luttrell of Springfield. Pansy Lesh is the only survivor of the late J. M. Luttrell, and is therefore entitled to a portion of the estate which would fall to her mother, whom it is believed dead. The settlement is in charge of Attorney George L. Merrill and the two sisters and brother have made a satisfactory settlement of the estate which fell to them after the provisions had been fulfilled to

Mr. Luttrell's widow. Negotiations are now under way to get in communication with the grand niece, so that she can obtain the portion of the estate, which is hers by law.

Story of Confessed Crime.
Mrs. Lesh in her confession to the Los Angeles police said that she was taken from the Orphan Home society in St. Louis, when she was 13 years of age by the Quaintance family of Green Ridge, Mo. In June 1904 she said Mrs. Quaintance became ill and Mrs. Lesh, is said to have declared she put a capsule containing poison in a portion of medicine which she administered to Mrs. Quaintance and the woman died the following morning. She stated the next spring she went to Sedalia, Mo., to make her home with Mrs. Coe, a widow residing on Sixth street. In August of that year, Mrs. Lesh related she put poison in a glass of beer and gave it to Mrs. Coe, who died the next morning.

Married in Paducah, Ky.
Mrs. Lesh told the police that she drifted from place to place and finally went to Paducah, Ky., where she was married to Lesh September 5, 1907, after which they went to East St. Louis, Ill., to reside. She said that in October of this year, she and her husband went to Los Angeles, Calif., where he deserted her.

Credence Given Story.
Parties were interviewed last Friday in the Missouri towns and it was learned that the facts and dates coincided with the facts related by the girl. It was recalled that both women had died under peculiar circumstances. Col. Quaintance, shortly after the sudden death of his wife, committed suicide. Mrs. Coe was secretary of the charities of Pettis county.

Was in Orphans' Home.
An investigation was made of the records in the Christian Orphans' home in St. Louis and they showed that Pansy Hastings lived there in 1903 and that her father's name was Hiram N. Hastings, and that she was sent from the home to the residence of E. M. Quaintance of Green Ridge, Mo.

May Not be Punished.
A telegram sent out from Los Angeles later about the case said that the woman might never be punished by law. That according to Los Angeles authorities from the office of the district attorney it would be impossible to convict the girl in spite of her confession and that no judge would accept her plea of guilty without corroborative evidence.

SHOWS UNION PRINTERS HOME.
A film which will be of especial interest to local people from the fact that many of them have visited the scene, has recently been released for production in motion picture theaters by the Edison company and is entitled: "A Curable Disease." This picture deals with a linotype operator on a New York daily who contracts tuberculosis. Into the picture is woven a love story showing that the young man was about to marry but was advised against such a step until he was cured from the dread disease. He is then sent to the Union Printers' Home in Colorado for treatment and it is here that the film brings out all of the interesting points in connection with the institution. The picture will be seen in this city at Scott's theater today.

INFORMAL RECEPTION.

Members of Westminster church planned a surprise for both Rev. I. H. Davis and Mr. and Mrs. R. O. Stoops Wednesday night. A hundred or more of them who do not regularly attend the weekly prayer service appeared at the church last night. The pastor, while rejoicing over such a large congregation, could not help but wonder as one after another the members of his church entered the prayer meeting room. After the final hymn it was made known that while a prayerful spirit possessed the company that many of the good people were present to give a special greeting to Mr. and Mrs. Stoops, to express regret that they are to leave Jacksonville and at the same time to extend good wishes for their happiness and prosperity in Joliet. An hour was spent socially and sandwiches, coffee and chocolate were served, the occasion proving delightful in every way. Mr. and Mrs. Stoops have been very active in the affairs of Westminster church and will be greatly missed there.

DIRECT ACCUSATION MADE.

Indianapolis, Ind., Nov. 6.—Specific accusations were made by the government in the "dynamite conspiracy" trial today through the reading of letters that in the spring of 1910, Frank M. Ryan, president of the iron workers union, and members of the union's executive board entered on a campaign to blow up the property of certain iron and steel contractors, and that in furtherance of the plan President Ryan wrote from New York a letter assigning men to have charge of the explosions in different localities. Twenty-five explosions this year including those at Los Angeles, were alleged by the government to have been carried on with the knowledge of most of the executive officials of the international association.

Edward Smythe, secretary of a local union at Peoria, was charged, through the reading of letters, with having asked McManara for \$100 to get out of jail two men who assaulted non-union men in Peoria. It was also shown that the money had been sent.

"BUCKS" HOT BLAST

☐The heaters that produce more heat for less money than any stoves in the world.

☐There is no ordinary heater in the country that will successfully burn every fuel.

☐It takes more than ordinary stove construction to burn soft coal, including slack.

☐Soft coal is about one-half gas, and the ordinary stove that is supposed to burn successfully soft coal taking COLD AIR into its fire pot does not burn the gas. It goes up the chimney as waste fuel.

☐Experiment has proven, however, that HEATED AIR taken into its fire pot forms perfect combustion, burns this gas, cokes coal and thereby consumes all the heat producing material in soft coal, burning it into heat units.

☐"Bucks" Hot Blast Heater has a specially constructed fire pot that successfully burns all fuels, including slack.

☐The air is drawn into the fire pot through a heated duct which completely encircles it; this heated air is fed to the top of fuel surface, thereby consuming all gases.

☐Combustion takes place in a complete circle against the fire pot, highly heating the ENTIRE RADIATING SURFACE.

☐With "Buck" Hot Blast Heater you derive Base Burner results.

☐A highly heated base, surface that is ALL radiating surface and no waste fuel.

Our gift section will be ready this week.
